

Disney

43197

The logo for Disney's Frozen, featuring the word "Disney" in its signature script font above the word "FROZEN" in large, blue, textured letters that look like ice. The background is a soft-focus image of a snowy mountain range under a purple and blue sky.

Disney FROZEN

BEHIND THE SCENES OF DISNEY'S *FROZEN* DANS LES COULISSES DE *LA REINE DES NEIGES* DE DISNEY DETRÁS DE LAS CÁMARAS DE DISNEY *FROZEN*

"Elsa's ice palace was a major challenge for us," says Hans Keim, Lighting Supervisor on the Disney *Frozen* movie. "Refractive objects take a long time to render, and how would we light it?" Cory Loftis in Visual Development explains: "We spent a lot of time looking at snowflakes before we started. Elsa's magic ice follows those snowflake patterns, but on a bigger scale. The way it grows is more melodic or rhythmic."

« Le palais de glace d'Elsa était un défi de taille », révèle Hans Keim, superviseur de l'éclairage pour le film *La Reine des neiges* de Disney. « Les objets réfringents prennent beaucoup de temps à modéliser, et nous devons également déterminer comment éclairer le palais. » Cory Loftis, de l'équipe du développement visuel, explique : « Nous avons passé beaucoup de temps à observer des flocons de neige avant de commencer. La glace magique d'Elsa imite leurs motifs, mais à plus grande échelle. La façon dont elle se développe est plus mélodique ou rythmique. »

"El palacio de hielo de Elsa fue un gran desafío para nosotros", señala Hans Keim, supervisor de iluminación de la película Disney *Frozen*. "Los objetos refractivos tardan mucho en procesarse por computadora. ¿Y cómo los iluminaríamos?". Cory Loftis, de Desarrollo Visual, explica: "Pasamos mucho tiempo observando copos de nieve antes de empezar. El hielo mágico de Elsa sigue los patrones que forman los copos, pero a mayor escala. La manera en que crece es más melódica, o rítmica".

THE MAKING OF ELSA'S ICE PALACE

Production Designer David Womersley elaborates: "In Elsa's song, as she shifts from angry and aggressive to more content and lyrical, her ice and snow structures become more sculptural." Computer animation lets artists pick and choose from the rich complexity of nature. "We bent the rules of physics to get a rich, believable world that feels like ice, without paying the freight for physical accuracy," adds Lighting Supervisor Jason MacLeod.

LA CRÉATION DU PALAIS DE GLACE D'ELSA

David Womersley, directeur artistique, développe : « Durant la chanson d'Elsa, alors que la colère et l'agressivité laissent place à la joie et au lyrisme, les structures de glace et de neige deviennent plus sculpturales. » L'animation par ordinateur permet aux artistes d'explorer la riche complexité de la nature. « Nous avons contourné les règles de la physique pour créer un monde riche et convaincant qui rappelle la glace, sans toutefois sacrifier le réalisme », ajoute Jason MacLeod, superviseur de l'éclairage.

LA CREACIÓN DEL PALACIO DE HIELO DE ELSA

David Womersley, diseñador de producción, comenta: "En la canción de Elsa, a medida que pasa de la ira y la agresividad a un lenguaje más contenido y lírico, sus estructuras de hielo y nieve se vuelven más esculturales". La animación por computadora permite a los artistas elegir entre las complejas posibilidades de la naturaleza. "Flexibilizamos las reglas de la realidad para lograr un mundo rico y creíble que se sintiera como de hielo, sin pagar el costo de la precisión física", añade el supervisor de iluminación Jason MacLeod.

"DO YOU WANT TO BUILD AN ICE CASTLE?"
« VOULEZ-VOUS CONSTRUIRE UN PALAIS DE GLACE ? »
"¿QUIERES CONSTRUIR UN CASTILLO DE HIELO?"

"Finding ways to replicate the fractal ice seen in the film, in a model this big, was a fun challenge. We used so many new shimmering, opalescent elements! I hope this is an Ice Castle Elsa would be proud of."

Ollie Gregory - LEGO® Model Designer

« Trouver des moyens de reproduire la glace fractale qu'on voit dans le film, dans un modèle de cette taille, était un défi amusant. Nous avons utilisé tellement de nouveaux éléments chatoyants et opalins ! J'espère qu'il s'agit d'un palais de glace dont Elsa serait fière. »

Ollie Gregory, concepteur de modèles LEGO®

**HOW DID THE LEGO® DESIGNERS RECREATE ELSA'S ICE CASTLE?
AND WHAT ARE THEIR FAVORITE DETAILS?**

**COMMENT LES CONCEPTEURS LEGO® ONT-ILS RECRÉÉ LE PALAIS DE GLACE D'ELSA ?
ET QUELS SONT LEURS DÉTAILS PRÉFÉRÉS ?**

**¿CÓMO RECREARON LOS DISEÑADORES DE LEGO® EL CASTILLO DE HIELO DE ELSA?
¿CUÁLES SON SUS DETALLES FAVORITOS?**

"Encontrar formas de replicar el hielo fractal de la película en un modelo de este tamaño fue un desafío divertido. Usamos un montón de elementos brillantes y opalescentes nuevos. Espero que hayamos creado un Castillo de Hielo del que Elsa pudiera sentirse orgullosa".

Ollie Gregory - Diseñador de modelos LEGO®

"We wanted to go big... and shiny! We added extra sparkle and aurora borealis effects with hologram stickers. And for the first time, the Elsa mini-doll figure is wearing her coronation dress with a superlong cape."

Lauren Cullen King - LEGO® Senior Graphic Designer

« Nous voulions créer quelque chose de grandiose... et d'étincelant ! Nous avons ajouté du scintillement et des effets d'aurore boréale avec des autocollants holographiques. Et pour la première fois, la minipoupée d'Elsa porte sa robe de couronnement avec une très longue cape. »

Lauren Cullen King, graphiste principale LEGO®

"Queríamos crear algo grande... ¡y brillante! Incluimos muchos resplandores y efectos que representan auroras boreales mediante calcomanías holográficas. Y, por primera vez, el minipersonaje de Elsa lleva el traje de la coronación, con una capa superlarga".

Lauren Cullen King - Diseñadora gráfica sénior de LEGO®

"We really 'let it go' with the Disney *Frozen* 'Easter eggs'! A map of the Kingdom of Arendelle, a Queen Iduna ice sculpture and Elsa's childhood toy, Sir Jorgenbjorgen. Look for more hidden secrets as you build!"

Ilia Gotlib - LEGO® Senior Model Designer

« Nous avons vraiment "libéré" notre créativité avec les œufs de Pâques de *La Reine des neiges* de Disney ! Nous avons inclus une carte du royaume d'Arendelle, une sculpture de glace de la reine Iduna et Monsieur Jörgen Björger, le jouet d'enfance d'Elsa. Et il y a plein d'autres secrets à découvrir lors de la construction ! »

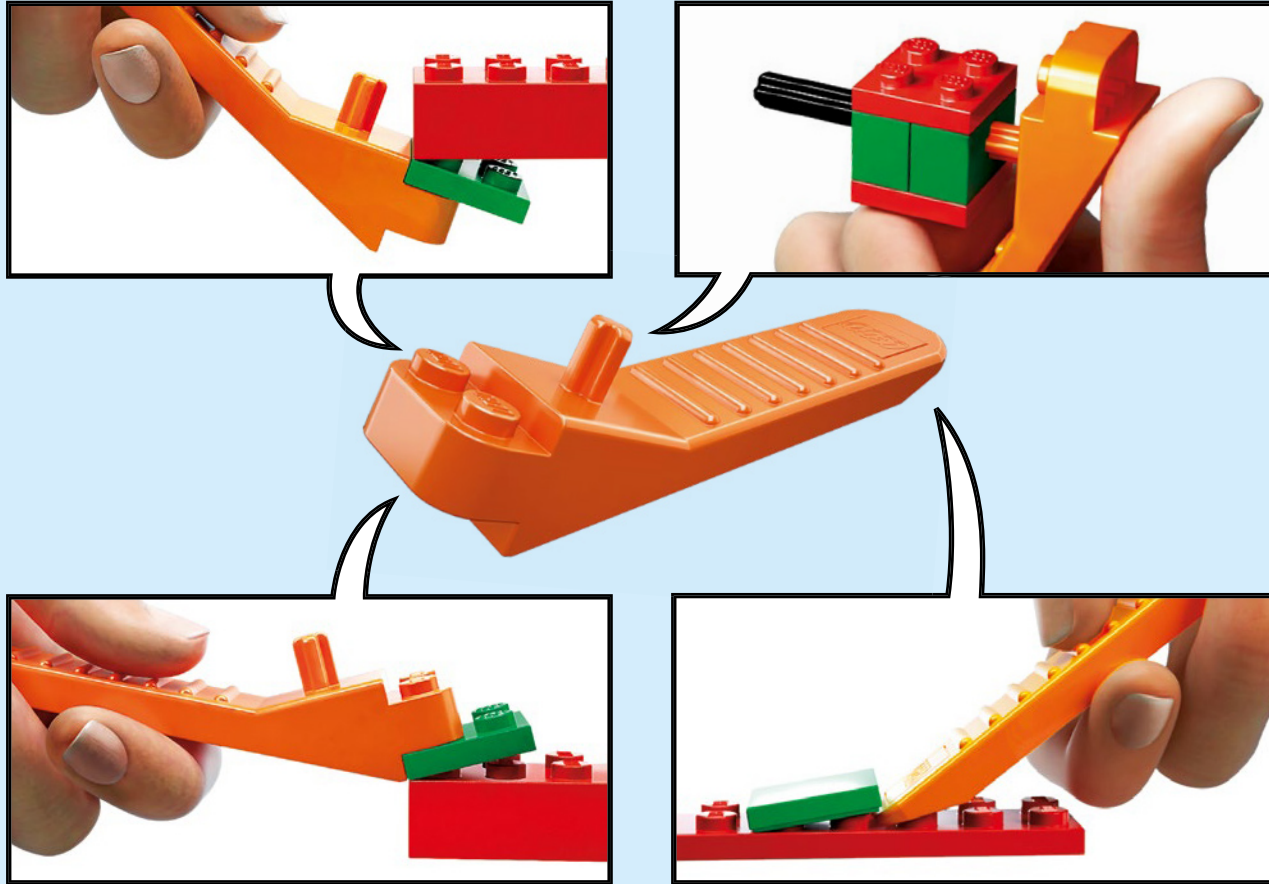

Ilia Gotlib, concepteur de modèles principal LEGO®

"¡Tuvimos que esforzarnos por 'ser libres' con las sorpresas ocultas inspiradas en Disney *Frozen*! Un mapa del reino de Arendelle, una escultura de hielo de la reina Iduna y el juguete de la infancia de Elsa, Sir Jorgenbjorgen. ¡Encontrarán más secretos escondidos mientras construyen!"

Ilia Gotlib - Diseñador sénior de modelos LEGO®
